SUJIT ROY

PROJECTS

Portfolio website

I have build this website for myself. the purpose of the website is to showcase my projects and skills. In this website i have used HTML, CSS, JavaScript. preview link:- <https://sujitroy.com>

Food Ecommerce website

This is a Food E-commerce website build on top of Vue.js. I have used tech like dynamic routing, vuex and more. preview link:- <https://bit.ly/food-ecom-website>

News website

News website using React.js. I have used API in this website to get the recipe data. preview link:- <https://bit.ly/new-app-react>

Movie Info website

I have build this website on top of latest version of Nuxt.js. In this website I have used store directory, dynamic routing, infinite scroll and more. Using this website any one can get info related to movies like ratings, name of role character and more preview link:- <https://bit.ly/movie-info-app>
